Marine Disasters—Our Lake Harbors.

The Buffalo papers, of Saturday last, contain the Annual Report of Capt. DOBBINS, Secretary to the Board of Lake Underwriters, of the disasters on the Lakes. It is a fearful record; *four hundred and seven lives* and upwards of *three millions* in property having been lost during the last season. Capt. DOBBINS thus states the aggregate losses for seven years past:

1850	$ 544,440
1851	750,515
1852	991,015
1853	854,850
1854	2,187,825
1855	2,797,889
1856	3,038,874

This shows a steady and progressive increase in the number of disasters and amount of losses from year to year, notwithstanding the improvements in navigation and saving apparatus, which is fearful to contemplate.

The total loss by steam during the past season on hulls and cargoes, was

	$1,378,100
Do. by sale	1,660,774
	$3,038,874

Of this number 29 steam vessels and 77 sail vessels are put down as total losses, and have probably gone out of existence.

The loss of life in 1856 was	407
Do in 1855	118
Increase	289

It is the opinion of Capt. DOBBINS that the increased facilities for saving wrecked property has lessened the actual amount of loss by vessels in distress full 25 per cent. The loss of life during the season was unusually large, and calls for some more efficient means of protection than our Lakes yet possess.

The present amount and value of our Lake Marine is thus stated in the same Report:

	Number.	Tonnage.	Cash Value.
Steamers	107	62,868	$5,820,400
Propellers	135	14,675	2,741,200
Barques	56	21,718	678,800
Brigs	109	27,045	701,550
Schooners	850	178,850	5,487,100
Total	1,258	389,735	$12,944,850

Here is a Fleet of over twelve hundred and fifty vessels, worth *thirteen millions* of dollars, engaged in a business which interests, more or less directly, half of the States of the Union, and yet almost wholly debarred from the protecting care of the Federal Government. The Commerce of these Lakes during the last year exceeded *three hundred millions* of dollars; the loss inflicted upon it, during that single season of navigation, was upwards of *three millions* of dollars, and the aggregate loss, for the last seven years, was upwards of *eleven millions* of dollars; and yet the General Government, under Democratic rule, denies to us the means for so improving our Harbors as to foster and protect this magnificent Commerce and diminish, at least, the fearful aggregate of loss, in lives and property, of which the last few seasons have been so sadly fruitful.

The Federal Treasury overflows with money; the Public Debt is insignificantly small; Congress is actually trying to reduce the revenue, not knowing how to spend it; millions and tens of millions are freely expended upon the army, the navy, the various civil departments &c.; and Constitutional authority is found for fitting out Expeditions to the North Pole, the Amazon, or the Chinese Seas; for despatching clothing and provisions to the suffering people of Ireland; for restoring the *Resolute* to the British Government, and for other kindred objects of Expenditure. But, when the vast and expanding Commerce of the North-Western Lakes demands aid and protection from the General Government, the Constitution is invoked to guard the Treasury and a Democratic President *vetoes* all appropriations for the improvement of our Lake Harbors! How long will the people of the North-West quietly submit to this monstrous and manifest injustice? How long will their Representatives in Congress continue to vote for other appropriations, from the Federal Treasury, while those, so all-important to their constituents and so justly their due, are persistently withheld?

Judge Larrabee vs. The Democracy.

The *News*, of yesterday, officially notifies Judge LARRABEE that he is "now at issue, on a grave Constitutional question, with the Democracy of the State." This question is the eligibility of Judges to other than State Offices.—Judge LARRABEE, who helped to frame the Constitution of the State, has frankly expressed his opinions on the point. They agree with those first advanced by the *News*, but are at variance with those now held by that consistent organ.—Therefore the *News* admonishes the Judge that he is at issue with the Democracy. Of course, the Judge, like a good party man, is expected to follow the example of the *News*, and "jump Jim Crow," on this question, or else abide the consequences of presuming to think for himself and to stand by his opinion.

Democratic State Convention.

A call appeared in the *News* of yesterday, signed by GEORGE B. SMITH *et al*, purporting to be the Democratic State Central Committee, for a State Convention at Madison on the 4th of next month, to nominate a party candidate for Chief Justice of the Supreme Court. The election for this officer occurs on the first Tuesday of April next, town meeting day. The present incumbent, Chief Justice WHITON, "hath borne his faculties so meekly," and discharged the duties of his high trust with such signal fidelity, that we are loth to believe his re-election will be seriously opposed. This movement, however, of the Democratic politicians looks to a contest, and will therefore, we trust, arouse the vigilance and stimulate the action of the people.

Preparing for Navigation.

Mr. DREW, of Chicago, was in our city yesterday, making the final arrangements for the steamboat business of the coming season. Two lines of steamers will ply daily between Milwaukee and Chicago, and between Milwaukee and the ports North. The first line will be composed of the *Planet* and *Traveller* and will run to JOHNSON & OLMSTED; the other line will consist of the *Arctic*, *Huron* and *Cleveland*, and will run to KELLOGG & STRONG. It is intended that all the boats shall land and receive their freight and passengers *in* the river, thus doing away with the unsafe and annoying outside pier business.—There is ample room, at the docks and warehouses of Messrs. JOHNSON & OLMSTED and KELLOGG & STRONG, in the river, for the accommodation of these steamers and for the convenient handling of freight. Early spring goods, destined for Upper Iowa, Wisconsin and Minnesota, may be sent by R. R. to Chicago, shipped thence by these boats, and will then be forwarded by the Milwaukee and Mississippi R. R. to Prairie du Chien, and up the Mississippi, in charge of special agents. It is believed that this will be the quickest and cheapest route that can be found. We do not doubt that these two lines of steamers will do a steady and profitable business during the ensuing season. They will commence their trips as soon as the weather permits and trade opens.

COMMERCE AND MANUFACTURES OF MILWAUKEE.—We are indebted to ANDREW J. AIKENS, Secretary of the Board of Trade, for a copy of his Annual Report of the Commerce, Manufactures, Banking Business and Rail Road System of the City of Milwaukee for 1856. The pamphlet has been very carefully compiled and abounds in interesting statistics. A map, showing the general Rail Road System of our City and State, accompanies the work. Pains should be taken to give this pamphlet a wide circulation. Every Merchant, Business man and Property owner of our city should send copies to their Eastern correspondents.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feb. 3d, '57.

My attention has been called to a fact which should be generally known, to wit, that the suit instituted in the Supreme Court by the Lunatic Asylum contractor against the State, still stands in that Court, not discontinued, although the agreement between the parties was that the award of the special commission should be final. As it now stands, the contractor may ask, I suppose, for judgment in his favor, or the Attorney General enter a *cognovit*, though I do not know that there is any idea of the kind in contemplation.

There was a sharp contest in the Senate this morning on the passage of a bill suspending the operation of the swamp land laws, except so far as to allow settlers who have improved their lots to make pre-emptions. The bill passed by a close vote.

The bill providing for a vote of the people on the question of free suffrage to colored persons, occupied most of the morning in Senate, Messrs. Harvey and Bean taking the prominent positions in favor, and Messrs. Simpson and Cook against. The question was pending at the adjournment at noon.

The Assembly occupied the whole morning again on the

WAUPACCA CONTESTED SEAT,

This being the *third* day on the subject, and ended, after a free fight, in leaving the matter about where it was left yesterday, with Mr. Phillips still in possession of the seat, and likely to remain so till the end of the session. The process was about this:

Moses M. Strong offered a resolution to pay Mr. Perry, the contestant, his mileage and *per diem*; on which Mr. Mills thought he would like to try the question again as to the right to the seat; and the resolution was allowed to lie over, and the Assembly went to other business.

After about a dozen bills had been introduced, and one resolution, (by Mr. Sweat,) on the subject of taxing railroads, Mr. Mills aroused Monsieur Tonson again by a resolution declaring that B. F. Phillips is *not* entitled to the Waupacca seat. Mr. Horn moved to suspend the rules to consider it. Mr. Strong thought the Assembly was not ready to decide positively that Mr. Phillips is not entitled, and Mr. Noggle thought that the idea of disfranchising Waupacca county was positively shocking. He moved to refer the subject to the Judiciary committee.

THE FUN GROWS FAST AND FURIOUS.

Joe Mills was fairly waked up, and he shook his gleaming falchion with tremendous effect on the gravity of the members, pitching into Messrs. Strong and Noggle. Mr. Noggle retorted as sharply, giving Mr. Perry's prominent advocates the title of pettifoggers, among other things. Fred. Horn flew back at the "gentleman from Rock" in the most cantankerous manner, asserting that Mr. Phillips had been to Janesville before the session commenced, and had seen Mr. Noggle, &c., &c., &c. Mr. Mills also had another turn at the gentleman from Rock—the discussion being decidedly personal.

Here the morning hour expired, and some other business was done, but Mr. Ostrander presently brought

WAUPACCA UP AGAIN.

With a motion to reconsider the vote of yesterday declaring Mr. Perry not entitled to his seat, and this, after some discussion of points of order, was done, by a vote of 40 to 29. Then Mr. Mills moved an amendment to the effect that *neither* Perry nor Phillips was entitled, and Mr. Horn tried something of the same sort, and Mr. Strong moved to recommit with instructions to find out who is entitled, and Mr. Robbins wanted something of that sort, and Mr. Gulick wanted a special committee, and the Speaker didn't wish to appoint one in the existing state of feeling—and there was a coil generally. Finally, after much confusion,

THE TWIST WAS UNTWISTED.

By a vote, 40 to 30, to recommit the whole matter to the committee, with instructions to examine and find out who is entitled. Meantime, Mr. Phillips, the sitting member, remains, of course, in his seat till the end of the session. So ended the three days spent on Waupacca, costing the State more than the state tax of the county, and the mileage and *per diem* of an extra member yet to be paid.

Only sixteen working days now remain of the session, and business is still, for the most part, in the hands of the committees. Nothing but the hardest sort of work will enable the Legislature to adjourn by the 23d, and we have another contested election case yet to be considered.

The Senate, in the afternoon, was in committee of the whole on its general file of bills, and made good progress. The Suffrage Bill was further debated and reported back. Mr. O'Neill took occasion to state that he differed from his democratic friends who were opposing the bill so strongly, and that he knew of no principle of democracy which called upon him to refuse to colored men the rights of human beings.

CHICAGO, ST. PAUL AND FOND DU LAC R. R. CONSOLIDATION.

The bill authorizing the Chi. St. P. & F. du L. R. R. to consolidate with the Wisconsin & Lake Superior R. R. Co. was reached in the file, but was returned and made the special order for Thursday. Mr. Clark expressed a desire to wait till the latter Company has reported as to what it has done under the trust confided to it; and Mr. Greulich wished, as did also Mr. Chase, to have such action taken in the premises as would secure the equal rights of the Lake Shore towns and their railroad interests.

CONSCIENCE.—The *Sentinel* is making itself merry of late over the idea of some gentlemen claiming to be very conscientious. Well, we always calculate that a man who talks a great deal about his conscience will bear watching.—*News of yesterday.*

Our opinion exactly. And remembering the antics which Lt. Gov. MCARTHUR and Ex-Speaker HORN have heretofore cut, their affected conscientious and constitutional scruples, on the Senator question, seem to us the baldest and most impudent hypocrisy. Assuredly they will bear as they need, "watching."

THE CABINET.—The N. Y. *Courier and Enquirer* of Friday last has a despatch from Washington, stating that HOWELL COBB, of Georgia, J. GLANCY JONES, of Pennsylvania, and Gov. FLOYD, of Virginia, are agreed on for the Cabinet. The contest for Secretary of State, is earnest: ROBERT J. WALKER being strongly urged and with some chance of success. Gen. CASS is about given up.

FIRE AT MADISON.—A building on Morris street, near the R. R. Depot at Madison, owned and occupied as a dwelling and grocery store by Frederick T. Zettler, was destroyed by fire, Monday night. Loss $4,000—insurance $2,500. The Lumber Yard of Messrs. Hibbard & Luce, adjoining the premises of Mr. Zettler, was only saved from the flames by the active efforts of Mr. W. A. JONES, agent for the owner, aided by the spectators.

FIRE AT BLACK EARTH.—On Friday night last the Sash Factory at Black Earth, belonging to Mr. H. W. REMMINGTON, of Madison, was destroyed by fire. The loss of Mr. REMMINGTON was $5000, and no insurance. Mr. JOHN T. MARTIN, of Madison, who owned the building, lost $2,000.

NEW POST OFFICE.—A new Post Office has been established in Richland county, by the name of "LONE ROCK," and HENRY PADDLEFORD appointed Post Master. It is on the line of the Milwaukee and Mississippi Rail Road.

DEATH OF A PROMINENT PUBLIC MAN.—The Hon. Andrew Stevenson, formerly a prominent Virginia politician, Member of Congress and Minister to England, died at his residence in Albemarle on Sunday last.

For the Sentinel.

Judge Larrabee vs. the News.

MESSRS. EDITORS:—The *News*, in introducing Judge LARRABEE's letter on the Senator question, says that the Judge's "premises are wrong, the first Constitutional Convention is misquoted by him," and that as the premises are wrong and the quotation wrong, the conclusion at which the Judge arrives must be wrong.

Now if the editor of the *News* has made a misstatement, and the Judges quotations are *right*, then it follows that his conclusions are right.

On page 515 of the published proceedings of the first Convention will be found the provision reported by Mr. BAKER, word for word, as the Judge quoted it.

Let the *News* examine the books next time, before it charges one of its correspondents with misquoting. The force of the Judge's argument cannot be weakened by misrepresentation. Try again, either principal editor or assistant. One of you may *blunder* on the right.

CAPITAL OF NEBRASKA—CHANGE OF LOCATION.—The House of Representatives of the Nebraska Legislature, on the 15th ult., by a vote of 23 to 12, passed the bill to remove the Territorial Capital to Douglas City, a town in Lancaster County, on Saline Creek, at a point seventy miles north of the Kansas line, and thirty west of the Missouri—the bill having before passed the Council by a vote of 9 to 4. It was supposed that Gov. Izard would veto the bill.

COLD WEATHER AT FRANCONIA.—Franconia, in a valley of the White Mountains, has the unenviable reputation of being the coldest place in the United States. Saturday, Jan 24, a thermometer taken out doors at 8 A. M. went down to 40° below zero, and froze solid in twenty minutes! A spirit themometer was then tried. It indicated 49° below zero. Even Franconia never beat this.

LAND WARRANTS.—Land warrants are in demand and the price is advancing. *Thompson's Reporter* quotes:

	Buying.	Selling.
40 acre warrants at	$1 12	$1 15
80 acre warrants at	95	1 00
120 acre warrants at	93	96
160 acre warrants at	95	98

DR. KANE'S HEALTH IMPROVING.—A letter from Havana, dated Jan. 23, says:—"Doctor Kane, I am happy to add, is fast recovering.—His mother is now here, and under her gentle nursing there are strong hopes entertained of his ultimate restoration to perfect health."

From Washington.

WASHINGTON, Jan. 30, 1857.

Mr. Wise and a whole raft of Virginia editors are here, summoned by the rumored apprehension of Mr. Buchanan's inclination to abandon Mr. Floyd and adopt Mr. Hunter as Secretary of State. The bare suggestion of this contingency has stirred up hostility keenly, and the Virginians, with Wise at their head, protest most vehemently. Within twenty-four hours circumstances have rather pointed to Mr. Hunter as Premier, but with no authoritative assurance.—This has resulted from embarrassment, not from inclination, and has been proposed as a mode of compromising an acknowledged difficulty. With Mr. Cass aside, there is no point of agreement except Mr. Marcy, and he is not received kindly, and will not be accepted but as a necessity. The suggestion of Mr. Hunter has occasioned trouble in another direction. Mr. Buchanan is firmly fixed upon Mr. Cobb for the Treasury, and will bring him in let who will stay out; but Mr. Cobb is unwilling to play second part to any man of his own rank or years, and has so signified very emphatically. He is thus indirectly serving Mr. Wise's interest with which he is not identified.—Mr. Buchanan mourns over the want of harmony among his friends.

At Mr. Marcy's reception last night, Mr. Buchanan was the particular star; but the company being good, he was left, like other gentlemen, to follow his own inclinations.

Mr. Seward has been detained from the Senate for several days by severe catarrh, which is now partially checked.

The Committee of Investigation are now waiting the presence of some witnesses summoned from a distance.

The Senate was engaged four hours and a half in discussing the appointment of Mr. Harrison for Judge of Kansas. No objection is made against him personally, but the effort of Mr. Toombs and others is to induce the President to recall the nomination and continue Lecompte.—It appears no actual supersedeas has been sent to Lecompte, and he continues in office, while the nomination of his successor is pending. Every effort will be made to postpone and embarrass action, in the hope that Mr. Pierce may yield to the pressure for retention, or the question may be thrown over to the new administration. Mr. Cass, and such like, while professing to favor Harrison's nomination, have indirectly aided the postponement sought by Lecompte's friends, and thus proved allies instead of opponents. It is very evident, from the urgency with which this matter has been pressed, that the Southern ultras hope to perpetuate the disturbing issue in Kansas, through the instrumentality of a Judge obnoxious to the whole people in the Territory.—*New York Tribune.*

Correspondence of the N. Y. Tribune.

The Coldest Yet.

LISBON, Grafton County, N. H., Jan. 26, '57.

I see by the Semi-Weekly Tribune of the 20th inst., (which came safely to hand yesterday by an Express train), that the mercury congealed at Watertown, in New-York on the 18th inst., at 36°.

Now as we "holed" the mercury here, and no mistake, I will give you the result, as it may be as interesting to some others, as it was to myself.

The 18th—17° to 30°—was the lowest here, but as the 23d bid fair to go down much lower, and as I had heretofore not been notified whether the mercury was congealed in my thermometer, it being difficult to move it as it approaches the 40th degree below zero, I procured a vial of mercury—about a teaspoonful—and hung it out by the side at my thermometer at 8½ p. m.—thermometer 36°. I looked to it every 15 minutes, until 12, and then once at 12½, with the following result:

Time.	Degrees.	State of Mercury.
At 9½, thermometer	0 36	Perfectly liquid.
At 9¾, thermometer	0 38	Perfectly liquid.
At 10, thermometer	0 39	Perfectly liquid.
At 10¼, thermometer	0 39½	Perfectly liquid.
At 10½, thermometer	0 39¾	Perfectly liquid.
At 11, thermometer	0 41	Perfectly liquid.
At 11¼, thermometer	0 41½	Half of it solid.
At 11½, thermometer	0 40¾	¾ths of it solid.
At 11¾, thermometer	0 40	⅞ths of it solid.
At 12, thermometer	0 40	Solid, except a globule, the size of a duck shot.
At 12½, thermometer	0 42	Solid.
At 5, (a. m. 24th,) ther'r	0 44	Solid.
At 6, (a. m. 25th,) ther'r	0 44	Solid.
At 8½, thermometer	0 42	
At 9¾, thermometer	0 40	
At 12 m. 24th, ther'r	0 12	
At 12 m. 23d, ther'r	0 18	

At 8 a. m. the 24th, the mercury in the vial was carried about the village for exhibition, and in some way was thawed out. At 8 I hung it up again, but it would not congeal, although it was cold enough for nearly an hour after.

You will observe, also, that it did not begin to congeal until the temperature reached 41½ degress, yet congelation continued (although the mercury rose to 40 degrees. At a number of observations I supposed it all frozen, but violent shaking of the vial would loosen a little liquid mercury, growing less and less.

My thermometer is only graduated to 40 degrees, the only true test, I suppose, with mercury; so I had to measure the space below the graduation of the scale, but it approximates the true temperature, as I hear that spirit thermometers in this vicinity were 48 to 52 deg.

Some thirty years since, the thermometer at my father's house, about four miles from here, was 48 deg. below zero, which was probably as cold as the 24th inst.

FROZEN TO DEATH.—We learn from Marinette (mouth of the Menomonee) that a young man, son of A. F. Lyon of that place, left about a month ago for Lake Superior on a visit to a relative, but never reached his destination. He has recently been found by some Indians within a short distance of a mill owned by his brother-in-law, whom he had gone to visit, lying on his back, frozen. It is said that his body was much mangled by the wolves. This is a sad bereavement for his family.—*Green Bay Advocate.*

Railroad Accident—Twenty or Thirty Persons injured—Extraordinary Run of a Train on the Snow.

The Lancaster (Pa.) Daily Express of Jan. 26th, contains the following:—

A most terrible accident occurred on the Harrisburg railroad on Saturday afternoon, which resulted in the injury of a large number of passengers—many of them seriously. The train which left this city about 3 o'clock proceeded on without hindrance until within about four miles of Middletown, when a rail broke, and after running about fifty yards off the track the passenger car went over an embankment about thirty feet high, rolling over and over, and landing on the level with a terrible crash. We have been able to learn the names of only a few of the injured.

Mr. John Garvin, of Reamstown, had both his legs broken and his back severely injured. His injuries are so severe that he is not expected to survive.

Mr. John C. Zell, of this city, was the next severely injured. He was dreadfully burned about the head and face by the stove upsetting in the overturning of the car and the hot coals falling upon him. He was fortunately very thickly dressed, or his injuries must have been fatal. He had two coats and a shawl on, the latter being literally burned up, and his overcoat was riddled in holes by the fire.

Mr. Henry Hays, late of the Bellefont Watchman, was severely injured about the head and a m.

Col. James Cameron, a brother of Senator Cameron, and Mr. Russell, president of the Lewistown Bank, were also among the injured.

Wm. Foltz, the dispatcher of the railroad, received a very severe sprain in one of his ankles.

Kirk Few, a son of the Superintendent of the Harrisburg and Lancaster railroad, was slightly wounded in the face. A number of other passengers received slight injuries. No blame whatever can be attached to the officers having charge of the train at the time of the disaster.

The same paper describes a very singular accident on the Columbia Railroad as follows:—

This morning about one o'clock a frightful accident occurred on the Philadelphia Railroad near Christiana, which resulted in the demolition of the two passenger cars belonging to the train and the injury of two or three ladies who were in the rear cars—one of them seriously.

The particulars as we have learned them from a passenger, are as follows: The express train which left Philadelphia last night at eleven o clock, came on as far as Parkersburg, without anything of note occurring, where they stopped to wood and water. The train, composed of a baggage car and two passenger cars, was drawn by a freight locomotive, the recent storm having disarranged the schedule which assigns particular locomotives to each train. After they left Parkersburg, and had proceeded, as our informant thinks, not more than a mile, the passengers inferred from a peculiar motion of the cars that they were off the track, and it was subsequently discovered that this inference was correct.

The conductor drew the rope attached to the signal bell so violently that it broke, but the engineer either did not understand the signal, or paid no attention to it.

On the train went, whizzing over the snow track, now and then thumping over an exposed cross-tie—on, past Penningtonville, round the curve and over the bridge at Christiana, until about half a mile this side, the ladies' car became detached and capsized. On still the steam horse galloped, evidently pleased at the feat of railroading without the use of rails, and no doubt in love with the driver who thus gave him loose rein without ever looking back to see whether his train kept up, until about half a mile from the point where the ladies' car became detached, the second car also went over, breaking the coupling, and smashing the rear car all to pieces.

The most singular feature of the accident is that no lives were lost and but few persons injured. One account states that but one lady was injured, another that there were three of them—but the wonder is that all were not maimed or killed. The track wheels and other fragments of the broken cars were scattered along the track for the distance of a mile, the cars being almost entirely demolished. When it was first discovered that the cars were off the track, the passengers were in great terror, and all rose to their feet; but they passed so smoothly over the Christiana bridge, that they concluded they must be on the track, and had just fairly seated themselves when the crash came upon them.

The cars, it appears, were thrown off the track by the breaking of a rail, and the train must have run about four miles before the engineer discovered that anything was wrong.

A Fight in the Missouri Legislature

The question of Slavery Emancipation in Missouri has been under consideration in the Missouri Legislature for several days, it having grown out of the election of Mr. Palm, of St. Louis, (who is an avowed emancipationist,) by the Border Ruffian Democracy, as a Director in the State Bank.

In the House, on the 27th, Mr. Darnes, of Scott, introduced a resolution, which had been previously offered in joint session, of this tenor:

Resolved, By the General Assembly of the State of Missouri, that the emancipation of Slavery in the State of Missouri is impracticable and unjust to the slaveholders, and ought not to be agitated.

Gen. Reid, the Border Ruffian hero of the Ossawatomie fight, moved to lay the resolution on the table. The *Republican* sketches the ensuing scene as follows:

Mr. Darnes, of Scott, would go back to the origin of this discussion. He recollected that at the last session on a bill coming from the Senate, for the printing of the statutes which he (Darnes) moved to strike out the name of Lusk, and insert that of George Knapp. Mr. Reid had moved to lay that motion on the table, on the ground that the Democratic party had already a paper, and did not need Whig assistance.

Mr. Reid denied that position. He had made the motion mainly because of the support Mr. D. gave to Mr. Knapp.

Mr. Darnes—Did not fear gunpowder, and begged to inform the gentleman that his room was at No. 12, Newman's Hotel.

Mr. Reid—If I am not mistaken it may be No. 12, a little lower down the river.

Mr. Darnes—Yours ought to be cell No. 12, Penitentiary, where you ought to be before you fought the battle of Ossawatomie.

Mr. Reid rose, and Mr. Darnes facing the Speaker continued his remarks.

Mr. Darnes—Your powder has no terror for me. I am contending for principle.

At this moment Mr. Reid had stepped to the right side of Mr. Darnes. He laid his left hand upon his shoulders, and drawing off with his right, struck him (Darnes) a heavy blow on the right cheek, and knocked him down. Mr. Reid was then taken by his friends to his seat.

Mr. Darnes having recovered somewhat from the effects of the blow, said: I say, sir, that no man but a cowardly assassin would step up behind a gentleman's back and strike him.

Mr. Hill, of St. Louis—I move that this House now adjourn until nine o'clock Thursday.

Motion submitted and lost.

Mr. Darnes—I say, sir, that I have been assaulted in this House. I say, sir, that an assassin stepped up behind me when my back was upon him, and struck me in the face. I pronounce him a coward and a scoundrel.

Mr. Reid then stepped forward again, when Mr. Darnes raised a tumbler with the evident intention of throwing it at him. Mr. Reid then drew a knife, when Mr. Allen, of Warren, and several other gentlemen stepped in front of Reid, and he retired to his seat. Mr. Darnes was also prevented from throwing the glass by gentlemen around him.

ARREST OF A HORSE THIEF.—A splendid pair of dun colored horses, belonging in Burlington, Racine county, were offered for sale here last week at a very low price—$160—and it being apparent that they were stolen, one of our livery stable owners, to whom they were offered, detained them. The thief, become frightened, left town after an ineffectual attempt to break into the stable and recover the horses. He left on Thursday morning, and by noon of that day Sheriff White was on his track, and found him, after a long search, in an Irish settlement east of Beach's tavern. He was handcuffed and brought to Depere, and after an examination was committed to jail. He is a German, speaks good English, and has confessed the theft. Says it is his first offence.

The horses are very valuable, and are the ones which took the premium at the State Fair two years ago. A reward of $50 had been offered for the thief, and $50 for the recovery of the horses.—*Green Bay Advocate, Jan. 29.*

HOG CHOLERA AND HOGS.—This disease is rapidly increasing. This Madison *Courier* says it has appeared in that city, in the distilleries at Milton, and at Carrolton, Ky. Large numbers, it is said, have died at the last named place and about two hundred at Milton. The hogs often die in half an hour after they are attacked.

The Vernon *Banner* remarks that hundreds have recently died of it in that country, and that sulphur in slop has been found beneficial.

THE STAR AT WALLACKS.—Miss Heron continues to attract overflowing houses; and last evening after all the seats and standing places were occupied hundreds were turned away for lack of room. Her rendering of "Camille" is one of the extraordinary "works of art" that all lovers of art should witness. It brings tears to "eyes unused to the melting mood." Among Miss Heron's rapt admirers last evening, we noticed Colonel and Mrs. Fremont; and many other of our most cultivated and distinguished citizens.—*N. Y. Mirror, Jan. 31.*

☞ It may be seen that Judge Smalley, our new County Clerk, has taken unto himself a wife. The Judge appears to carry his political animosities even into private life, and to set his face like a flint against even the name of Buchanan.—*Oshkosh Democrat.*

POLICE COURT, FEBRUARY 4.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Gotleib Hickmer, a boy, disorderly, fined $1.

James Ruffle, " " " $1.

Jesse Jackson, drunk and disorderly, fined $3.

James Dolan, drunk and disorderly, fined $3, sent to jail for 10 days in default of payment.

Stephen E. Willis and L. D. Mumford, charged with stealing $90 from the person of a drunken man, were both discharged from custody, a *nol. pros.* having been entered by the District Attorney.

George Hutt was charged with larceny in a dwelling house in the Fifth Ward; a warrant was issued against him.

The first two names are those of two apple pedlers, small boys, who came up on their parole of honor, and were charged with having been engaged in a pugilistic encounter on East Water street, the day previous. The boys, as noticed in yesterday's *Sentinel*, were let out of the Watch House the night before, after several hours incarceration, and promised to appear at the Police Court in the morning; the little fellows kept their word. They were fined *one dollar* each. We do not blame the Police for arresting them, neither do we blame the Chief for letting them out of the cell; that was a humane act, and was commendable, it showed that the Chief had a "heart that could feel for another." We find no fault then, not even with the Police Justice, who, when the charge was pressed, fined the lowest fine. We felt sorry, however, for the boys; we remembered our own boyhood, and that we had often had a set to in the streets when a boy, but then we had the misfortune to be in a city *not* blessed with as efficient a Police, as the one we have adopted.—We find no fault then.

But when these two boys stood at the bar, in the prisoners dock, we could not help thinking that they were of the kind usually appearing in the Police Court; of the friendless, the lower order, as they are termed, and of course, when little Jerry Donahue, who was sent to Waupun for a year for stealing 2½ cents, and that was considered right, it was no more than right to fine the apple pedlars $1 each for fighting. The mistake was not in the Police, or the City Attorney but in the boys themselves; they "didn't do the thing that was right," and consequently had to suffer for doing what was wrong.

If these two little fellows had started a faro bank, a sweat table, or any other kind of "midnight hell," they might have carried it on for years with impunity; no catchpoll would have clutched their throats; had they possessed the requisite capital and the energy to have opened a house of ill fame, and robbed and plundered for years, they might never have been molested, except a murder had brought them into public and police notice; had their sex been changed, which of course is not probable, and they had become public as prostitutes, and had stolen a watch worth $150 they would never have been arrested. It was their own fault then, and they are alone to blame for being apple pedlars, and if one of them does support his mother by selling apples, candies and pop corn, we do not urge it by any means that they should not be popped into the Watch House and fined $1 each for fighting. True, they were sorry for having fought in the streets, and expressed their contrition for having done so, and promised they "wouldn't never do so no more," but that had nothing to do with the *majesty* of offended law, and the violation of a city ordinance.

The case of the State vs. George Hutt was adjourned to February 7th, at 10 A. M.

C. Dexteiner was fined for leaving his team unhitched.

New Publications.

LAYS OF A LIFE-TIME.—A beautiful little volume, from Dana & Co., 381 Broadway, embodying "the record of one departed." The story is sweetly told and the "lays" are musical ones. For sale by ARCHIBALD WILSON.

THE OLD FARM AND THE NEW FARM.—This is a reprint, by Dana and Company, of a famous political pamphlet, written and published in 1774 by FRANCIS HOPKINSON, one of signers of the Declaration of Independence. It is well worth reading. For sale as above.

MORGAN HORSES.—A premium essay, by D. C. LINSLEY, of Waterbury, Vt., upon the origin, history and characteristics of the celebrated Morgan Horses. WILSON has it for sale.

ROCKFORD PARISH.—A little work, by the Rector of Ascension Church in Frankfort, Kentucky, designed to furnish useful hints to clergymen, and aid them in their labors. It is clever and suggestive. For sale by WILSON.

MASSEY'S EXHIBITION RECITER.—A useful and amusing compilation, by CHARLES MASSEY, Professor of Elocution at Burlington College, New Jersey, of little plays, dialogues, recitations &c., adapted for the use of schools and families. Published by Samuel French, 121 Nassau street, N. Y., and for sale by STRICKLAND & Co.

SERMONS FOR THE PEOPLE.—1 Vol., duodecimo, from the press of Crosby, Nichols and Company, Boston. The author, Rev. Dr. HUNTINGTON, is preacher to the University and Professor at Cambridge. His sermons bear the mark of considerable ability and sincere piety. For sale by STRICKLAND & Co.

THE FAIRY SPECTACLES.—This is a charming little Fairy Story, by the author of "Violet," from the press of Phillips, Sampson & Co., Boston. The little people cannot fail to enjoy and appreciate it. For sale by STRICKLAND & Co.

WORTH 'NOT WEALTH.'—Another volume of juvenile tales, by the same publishers as the above, attractive in garb and moral in tendency. For sale by STRICKLAND & Co.

BRIGHT PICTURES FROM CHILD LIFE.—A translation of pleasant stories from the German, neatly printed, and illustrated—an exceedingly pretty little book. It is from the press of Phillips, Sampson & Co., Boston, and for sale at STRICKLAND'S.

RED BEARD'S STORIES FOR CHILDREN.—Another volume of the same sort and from the same publishing house. The stories are translated from the German and grotesquely illustrated. Messrs. STRICKLAND & Co. have the work for sale.

KOBBOLTOZO.—A humorous sequel, with graphic illustrations, to "the last of the Haggemuggers." Published by Phillips, Sampson & Co. and for sale by Strickland.

ROBERTSON'S CHARLES THE FIFTH.—This is a very handsome edition, in three volumes, of Robertson's History of the great Emperor. There are notes and an appendix by WM. H. PRESCOTT, our eminent American Historian, giving a most interesting account of the life of the Emperor after the abdication. It differs widely from the old and for many years received version, but is based on undisputable authorities. Messrs. Phillips, Sampson & Co., have printed this standard work on large and clear type, and thus enhanced the pleasure of reading it. For sale by STRICKLAND & Co.

STRAWS FROM CALIFORNIA.—A young man, a resident of this city, received yesterday six specimens of California straws, rye and barley. They were handed to us for inspection, and we notice the barley straw measured one inch and three-sixteenths in circumference, and the rye straws one inch and one-quarter in circumference. Accompanying the box containing the specimens, was the following waggish letter:

"I send you some specimens of California productions, to-wit: some rye and barley stalks, 100 bushels to the acre, 64 lbs to the bushel, and 2½ cents per pound for barley.

These are very nice straws, and I hear, on undoubted authority, that the "Juleps" are sizable in proportion. These straws are a wonderful instance of the providential adaptation of nature to the wants of man, these same being commensurate with the *sucking* capacities of Californ a. Yours, &c. ———."

The straws may be seen at the Counting Room of the *Sentinel* office to-day only.

ENGLISH AND FRENCH BOARDING SCHOOL.—In calling attention to Madame SEIBERT's advertisement, in this morning's *Sentinel*, we desire to repeat what we have heretofore said, that no better school for young girls, or boys under 10 years of age, can be found in the State. Madame Seibert is not only an accomplished lady but an excellent instructress and her pupils profit alike by her precept and her example. The progress made by the young girls under her charge, during the last quarter, is, of itself, an abundant recommendation for the School.

THE ALLEGHANIANS TO-NIGHT.—The Alleghanians will give one of their popular entertainments at the new and elegant Hall in "the Albany" *this* evening.—They are excellent vocalists and offer an attractive programme. The Hall will be fitted and furnished for the occasion, by Messrs. Seaman & Wing.

THE DRIVERS' BALL.—The Drivers give their second Annual Ball at Young's Hall *to-night*. The proceeds of the entertainment will be given, as last year, to the Catholic and Protestant Orphan Asylums. The Committee of Management have taken great pains to secure a successful festival.

John B. Gough is Coming!

Mr. GOUGH will speak at the "Albany Hall, (Mitchell & Ogden's new building) on *Thursday and Friday* evenings of next week.

As he will speak here but twice, and as he is to use the new and spacious hall, we apprehend that there will be a great number of people out to hear Mr. GOUGH, on those two evenings, the 12th and 13th.

STEALING SPECTACLES AND A JUG OF BRANDY.—A man named George Hutt was arrested on Tuesday night for stealing a pair of spectacles and a jug of liquor called *brandy*. A row occurred in a house in the Fifth Ward, in a saloon, and the arrested man, Hutt, was seen by Policeman Poulter to throw off his coat on to the jug of *brandy*, and watching his opportunity to pick up coat and jug both and go out, when he secreted the jug under a house near by; the officer sent for Deputy Sheriff Meyers and arrested both the thief and the man who was quarrelling, and took them to the Watch House. The excuse was that the man was drunk at the time; his employer gave him a good name for being usually steady.

CLOTHING AT AUCTION.—L. STANTON & CO., of the City Auction Room, commence selling this evening at 210 East Water Street, a large amount of Ready Made Clothing, to close the concern. An excellent opportunity for Gentlemen to replenish their wardrobe, at a small expense. See their advertisement.

DONATION PARTY.—A Donation Party will be given at the residence of Mr. J. S. WILCOX, in Town of Lake, on Friday next, for the benefit of the Rev. Mr. SEARES. Citizens of the vicinity in general, and friends of the Pastor in particular, are respectfully invited to attend.

THE GAME LAW.—The Law of this State prohibiting under penalties, the killing of Deer, Partridge, Prairie Chicken or Quail, after the first of February, is now *in force*. Let all interested take notice and govern themselves accordingly.

CLEANING GUTTERS AND SIDE-WALKS.—A good deal was accomplished yesterday, in freeing the gutters and side-walks from the accumulated ice and snow of our severe winter. But much more remains to be done. Let the Police see that *all* comply with the Ordinance on this subject.

REAL ESTATE PURCHASE.—Messrs. Magie and Swain purchased yesterday, the two stores in the U. S. Block occupied at present by Ford and Fairbanks and Elmore & Co., together with a lot, 60 by 120, on Main St., opposite the Newhall House for $48,000.

I GIVE my attention to the public sales of real estate in our city, or in any city in our State. Any one who has real estate abroad that they want to dispose of, and want my services, they can obtain them by writing to me. I expect as soon as the weather improves (which is now 20 degrees below zero), to have a large public sale of real estate, and I design to have several public sales throughout the spring and summer. All property left with me for sale I will use all my energy to dispose of, which if do not sell I make no charges. The location I now have for my business, I think is and will be one of the best in our city, being directly opposite to the Newhall House, which said magnificent house will be opened for the traveling public June 1st, at which time a great rush will be to our city.

A warrant has been received from Washington for the extradition of Carpentier Grelet and the other parties accused of embezzling funds of the great northern railroad of France.

INDIANAPOLIS, Feb. 4.

The democrats of the Indiana Legislature held to-day a Joint Convention, for the election of U. S. Senators without the concurrence, but in opposition to the protest of the Senate. Graham L. Fitch was elected to the vacancy. Jessie D. Bright, for the full term; there were 26 Senators present, but the Convention lacked 15 of a quorum.

WASHINGTON, Feb. 4.

The House refused, to-day, by a vote of 129 against 57, to lay on the table the Atlantic Telegraph Bill, it will be called up on its final passage to-morrow.

SENATE.—Mr. Weller was satisfied that justice to both required that the entire correspondence be printed, although a portion of it was of an exceedingly angry character. Messrs. Bell, of Tenn., Chittenden, Seward and Pearce, thought that such parts should be suppressed as it would furnish a bad example. Public Legislation did not require the exposure of the whole correspondence, and besides it would be painful to the friends of both gentlemen involved. Jones, of Tenn., Clay, Stuart, Benjamin and Bigler, advocated the printing of the correspondence; several of them saying that a full exposure was necessary to understand the entire subject, though much of the language was to be regretted, let them stand or fall on their own merits. Mr Toombs was opposed to making the Senate a conduit for such private quarrels, let the exposure be through the medium of newspapers; the printing of the whole of the documents was ordered.—Adjourned.

HOUSE.—Mr. Bocock, while opposing the bill, said that when he saw corruption like gangrene stretching throughout the country, he would not break down the barriers by which the public treasure is now guarded. The bill was passed by a majority of 77.

Mr. Campbell of Ohio, from committee of ways and means, reported the Senate submarine telegraph bill. Jones, of Tenn., moved to lay the bill on the table. The motion was negatived by a vote of 37 against 160. Mr. Campbell said that he would endeavor to dispose of the subject to-morrow. The House concurred in the amendment of the Senate to the diplomatic and consular appropriation bill. The House went into committee on tariff bill; Wright, of Tenn., Evans and A. K. Marshall made party speeches.—Adjourned.

WASHINGTON, Jan. 4.

The corruption committee are on the track of certain railroad bonds which were given out here last winter by certain gentlemen to carry the western railroads.

The Dallas treaty was under discussion in the Senate to-day upwards of three hours. The debate elicited very little interest for there was hardly a quorum present any of the time. A leading democratic senator informed me that he did not believe it would be ratified.

J. R. Sweeney has returned to this city and signified his readiness to the Investigating Committee to appear before them, and suggests that those persons who are implicated by his testimony, if there are any such, and they desire it, be afforded an opportunity to cross examine him in the presence of the Committee.

Mr. Simonton having recovered from his severe sickness, will probably be brought before the committee to-morrow.

SENATE.—Mr. Allen presented the credentials of Jas. F. Simmons, elected Senator by the Legislature of Rhode Island.

Mr. Weller, from the committee on military affairs, reported in favor of printing the documents recently communicated, relative to Gen. Scott's pay. A debate ensued.

Mr. Florence introduced a bill to equalize the army, navy and marine pensions.

Mr. Bingham, from the committee on elections, reported a resolution which was adopted, that Mr. Hall was legally elected from the 1st Congressional District of Iowa.

A resolution giving Mr. Clark, the contestant, his millage and per diem allowance lies over.

The House discussed the Joint resolution, proposing to give to each branch of Congress, the entire control of its contingent fund without the supervision of the treasury officers.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN Foreign Languages.

MR. AND MRS. L. & B. DE CRETY, from PARIS, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 9 to 12 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks' trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. De Crety will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

CHIPPEWA CO. LAND AGENCY,

WILLIAM J. YOUNG,
County Surveyor of Chippewa County,

OFFERS his services in locating Land Warrants on pine or farming lands.

Some good prairie land can yet be found in the lower part of the County. In the upper part there are the best of locations, timbered with Sugar Maple, Birch, Oak, Linden, &c. These last are in the immediate vicinity of the pineries, which will always afford an excellent market.

Send warrants to me by mail, and I will carefully locate them at the following reduced prices, to-wit:

160 acres $8,00
120 " 7,00
80 " 6,00
40 " 4,00

Pine lands, (of which there is yet considerable unentered,) $4,00 per 40 acres, whether in large or small quantities. An addition of one dollar per 40 acres will be required for Land Office fees.

Every location I will personally and carefully examine.

Prairie du Chien Land Agency.

THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offers on reasonable terms two hundred (200) lots, situated near the depot grounds of the M. & M. R. R. Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price, terms and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the

Terminus of the M. & M. R. R.,

and situated on the banks of the Mississippi river, tributary to which is the whole State of Iowa and Minnesota. It is unnecessary to make any comments, for it is too evident that it must be the second city of Wisconsin.

To any person wishing to make investments, I would say that I have the agency of a large amount of desirable lots owned by the American Transportation Company, in addition to my own, and hereby offer my services to any who desire to make an investment that will prove that

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others, I will say—call and see me, and you will be sure to be rewarded.

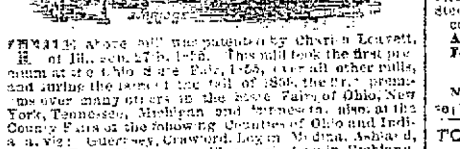
MISCELLANEOUS.

Every Man his own Miller.
PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill., Sept. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the present the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery, Clark, Erie, Lorain, Richland, Plymouth, [illegible], Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 3,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Faucener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 5 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

MISCELLANEOUS.

HEALTHY BREAD!

MADE WITH
JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England, and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison. E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & Doag, Chicago. JAMES PYLE,

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially destined for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventative for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's ready relief will stop, and no system so crippled with infirmities but that the R. R. R. remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalise its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Biliousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalise* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from the *body*, but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good-locky make and feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tetters, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis Consumption, Apoplexy, &c; and all constitutional and chronic diseases either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 194 East Thirty-Second st. had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

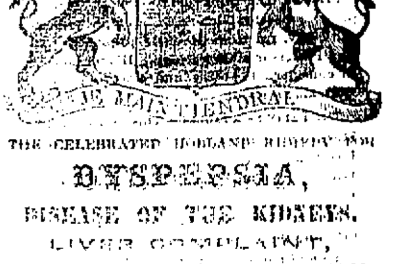
BOERHAVE'S HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
